

ADMISSIONS & OPERATIONS UPDATE Sept 16, 2021

In response to vaccinations being widely available to the public and in effort to ensure Nora's Home remains a safe haven for **all** guests, we have updated the admissions criteria for patients, caregivers, and volunteers as well as mandated full-vaccination of all staff. The following protocols have been implemented:

Transplant patients should follow their respective transplant center policy on vaccination.

If able to be vaccinated:

- Provide documentation at check-in of being fully* vaccinated
OR provide documentation of a negative PCR swab**

If unable to be vaccinated:

- Provide documentation at check-in of a negative PCR swab**

Accompanying caregivers:

- Are required to be fully* vaccinated and to provide record of vaccination at check-in.
- One accompanying caregiver per patient is preferred, although two caregivers will be accepted.

If documentation of vaccination is unavailable:

- Provide a documented negative PCR swab**

*"Fully vaccinated" is defined as **14 days after** the single dose of the Johnson & Johnson vaccine or the second and final dose of the Moderna or Pfizer vaccine. If within two weeks of full vaccination, guest must provide a documented negative PCR swab.

Vaccination document presentation (digital or paper format is acceptable) will be verified upon check-in. If not fully vaccinated, the documented negative PCR swab will need to be presented at that time.

PCR swab results must occur **within 72 hours prior to check-in. If guests face any difficulty acquiring a test, please call us so that we may assist you.

NORA'S HOME

for transplant patients and
their families

ADMISSIONS & OPERATIONS UPDATE

Sept 16, 2021

All Guests:

- Must wear a mask and social distance while in the common areas
- Receive daily temperature screenings at the Front Desk
- Adhere to house rules provided at check-in to maintain the safety of all guests and staff within the home

Other Preventative Measures:

- Nora's Home is operating at a maximum 60% capacity (20 of 32 rooms) and will reassess an increase in capacity October 1, 2021 dependent on local circumstances
- Updated volunteer protocols
- Mandated staff vaccination policy
- Extensive cleaning and disinfecting of the facility
- Limited capacity in kitchen dining areas to facilitate social distancing

Please note that that this is not a comprehensive list of protocols. Additional house rules designed to ensure the safety of all Nora's Home guests and staff will be provided to you at time of check-in.

We thank all of our guests for their
support and cooperation.
Thank you!

Please call us with any questions, (832) 831-3720. More information can also be found on our website at norashome.org/covid-19-response/
